How to upgrade to Sage 50 Accounting

An upgrade of Sage 50 Accounting can involve one or more of the following changes:

- **Getting the latest version** - If you would like to get the latest updates offered for your current Sage 50 Accounting product, you can upgrade from an earlier version of Sage 50 Accounting.
- **Moving to a higher Sage 50 Accounting product** - If your business requires a richer set of accounting features, you can upgrade to the latest version of a higher Sage 50 Accounting product (for example, moving from Sage 50 Premium Accounting to Sage 50 Quantum Accounting). This option also upgrades your version of Sage 50 Accounting if you are not already using the latest version of the program.
- **Adding more user licences** - If you want to increase the number of concurrent users in Sage 50 Accounting, you can upgrade your program to allow more users. If required, this option also upgrades your version and moves you to a higher Sage 50 Accounting product at the same time.
