Service Releases Details

Service Release changes:
- **Tax Liability Report** - updated to reflect the change in the combined employee and employer rates (changed from 12.4% to 10.4%). You will see the new rate on the summary lines titled Liability Calculated on Total Social Security Wages and Liability Calculated on Social Security Wages (employee Social Security rate changed from 6.2% to 4.2%).
- **Online Banking** – updated security certificates to address banks with expired certificates.
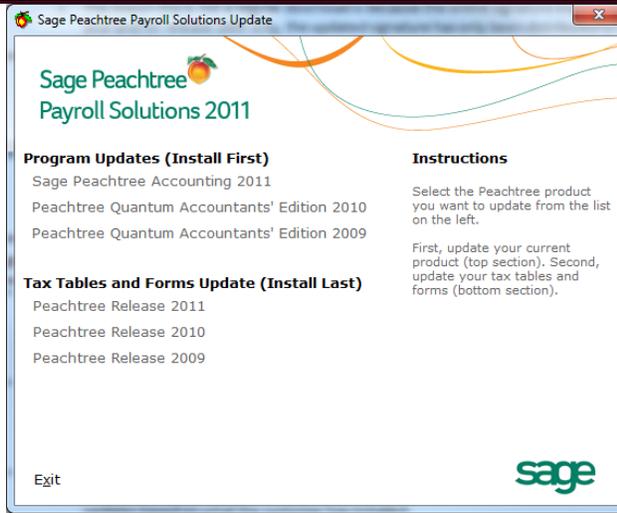

Release date and distribution methods:
- **Release 2009, SR 5:**
  - The update will be available via download only. In the April 2011 tax update, there is a message that takes the tax subscribers to the download page.

  - The download page is www.peachtree.com\Rel2009TaxLiabilityReportUpdate (available once it goes live). On this page the customer will need to select the appropriate flavor to download.

- **Release 2010 SR 2**
  - **The planned release date is Tuesday, March 15th, ~ 10 AM.** It will be available via online update within the product. Customers will be notified in the product of this online update automatically, or can check for updates by choosing *Services* and *Check for Updates* from the Peachtree Menu.

- **Release 2011 SR3**
  - **The planned release date is Thursday, March 17th, ~ 10 AM.** It will be available via online update within the product. Customers will be notified in the product of this online update automatically, or can check for updates by choosing *Services* and *Check for Updates* from the Peachtree Menu.

- **CD subscribers**
  - The CD contains all the SR's under the Product Updates folder. The Autorun will list the updates based on what the customer has installed.
