

# 4 New Reasons to Love Sage Simply Accounting 2011

Loaded with new features,<sup>1</sup> Sage Simply Accounting 2011 makes accounting easier than ever, so you can better manage tax compliance, cash flow, invoicing, and cost control. Here are five of the top reasons customers like you are upgrading.

- 1 I love having my wishes granted.
- 2 I love how it's even easier to do taxes and in-house payroll.
- 3 I love the freedom and speed of invoicing and getting paid online.
- 4 I love doing my best. For my business. For my employees. For my customers.

1. New features described apply only to Sage Simply Accounting Pro 2011 and Sage Simply Accounting Premium 2011.

# 1

## I love having my wishes granted.

### Sage Simply Accounting 2011 gives you the specific product improvements you asked for.

We listened to your feedback—and owe you a big thanks for all the great ideas. Both Sage Simply Accounting Pro 2011 and Sage Simply Accounting Premium 2011 include the improvements you asked for, so that you can continue to get your work done efficiently.

With these new options, you can save time and money on workarounds and keep records that more accurately reflect your business.

- Run your employee detail report with corrections showing or hidden so it's easier to see the information you need
- Format your project income report without page breaks between projects, so reviewing projects is faster, easier and more environmentally friendly through the saving of paper
- Create sales invoices for a zero dollar amount for more accurate recordkeeping

## I love how it's even easier to do taxes and in-house payroll.

**Sage Simply Accounting 2011 allows you to file your sales taxes and T5018 returns online. It also offers more payroll form options.<sup>3</sup>**

Do you need to keep track of GST/HST? Work with subcontractors? Process payroll in-house? New features in Sage Simply Accounting Pro 2011 and Sage Simply Accounting Premium 2011 make it easier to comply with tax regulations while saving time on manual data entry and reducing the potential for costly errors. With Sage Simply Accounting 2011 and a subscription to payroll services,<sup>3</sup> if applicable, you can:

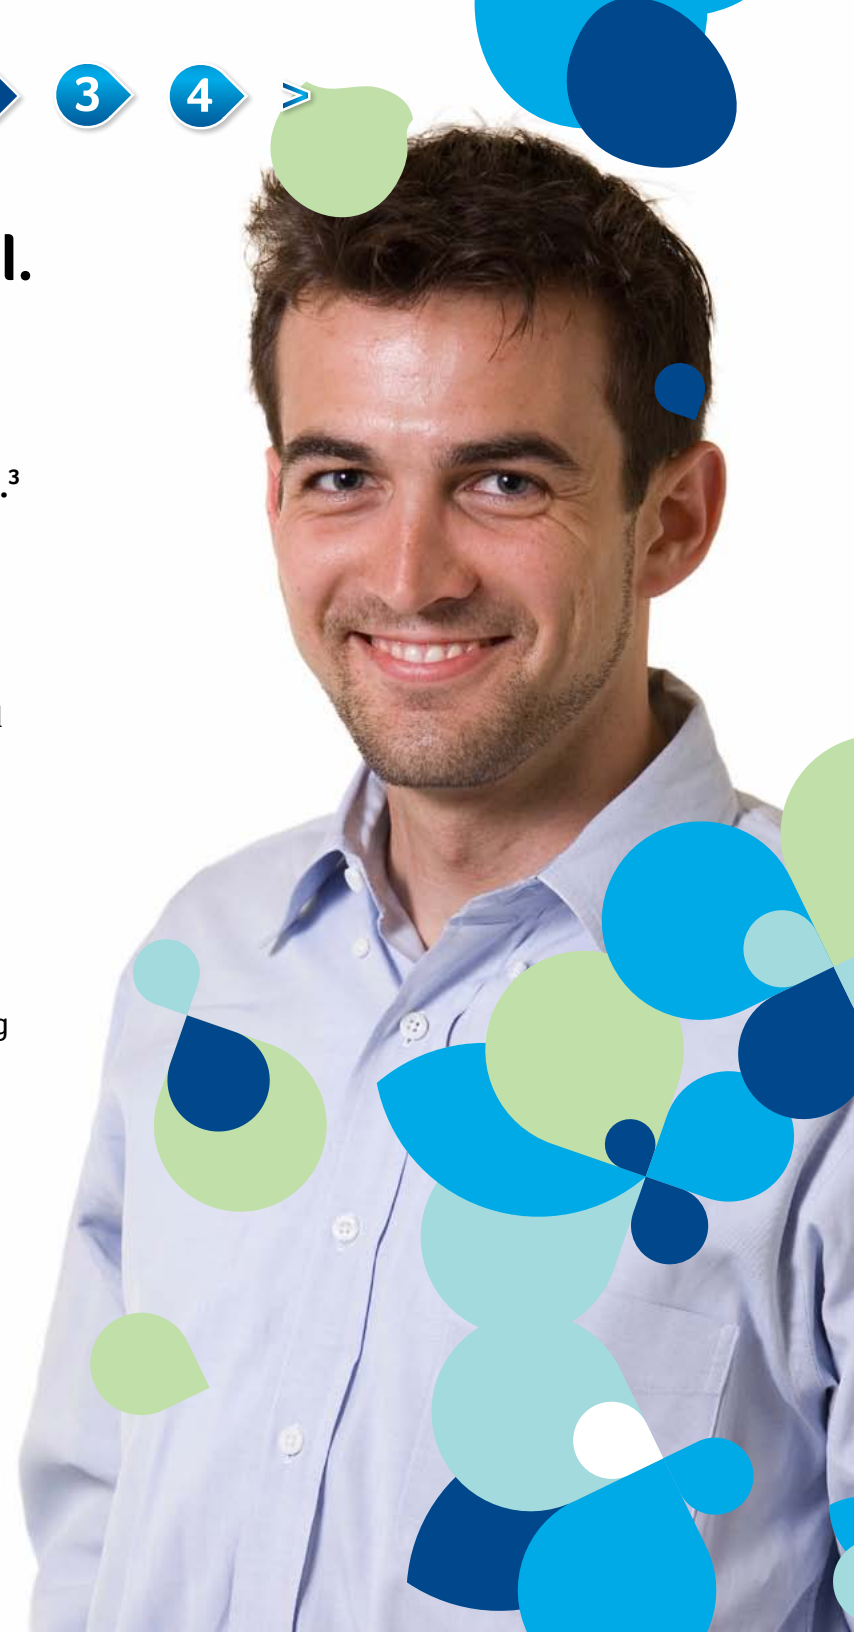

- File GST/HST online to make compliance quick and easy
- File T5018 (Statement of Contract Payments form) returns online to comply with CRA requirements
- Reduce manual data entry with more codes available for T4 and RL-1 reporting
- Re-print T4 and RL-1 summaries and re-file the slips with less data entry and effort

3. Additional fees apply for payroll tax updates, automatic payroll tax calculations, and direct deposit.

# 3

## I love the freedom and speed of invoicing and getting paid online.

**Sage Simply Accounting 2011 works with Sage Billing Boss so it's fast and simple to bill your customers and take payments on the web.**

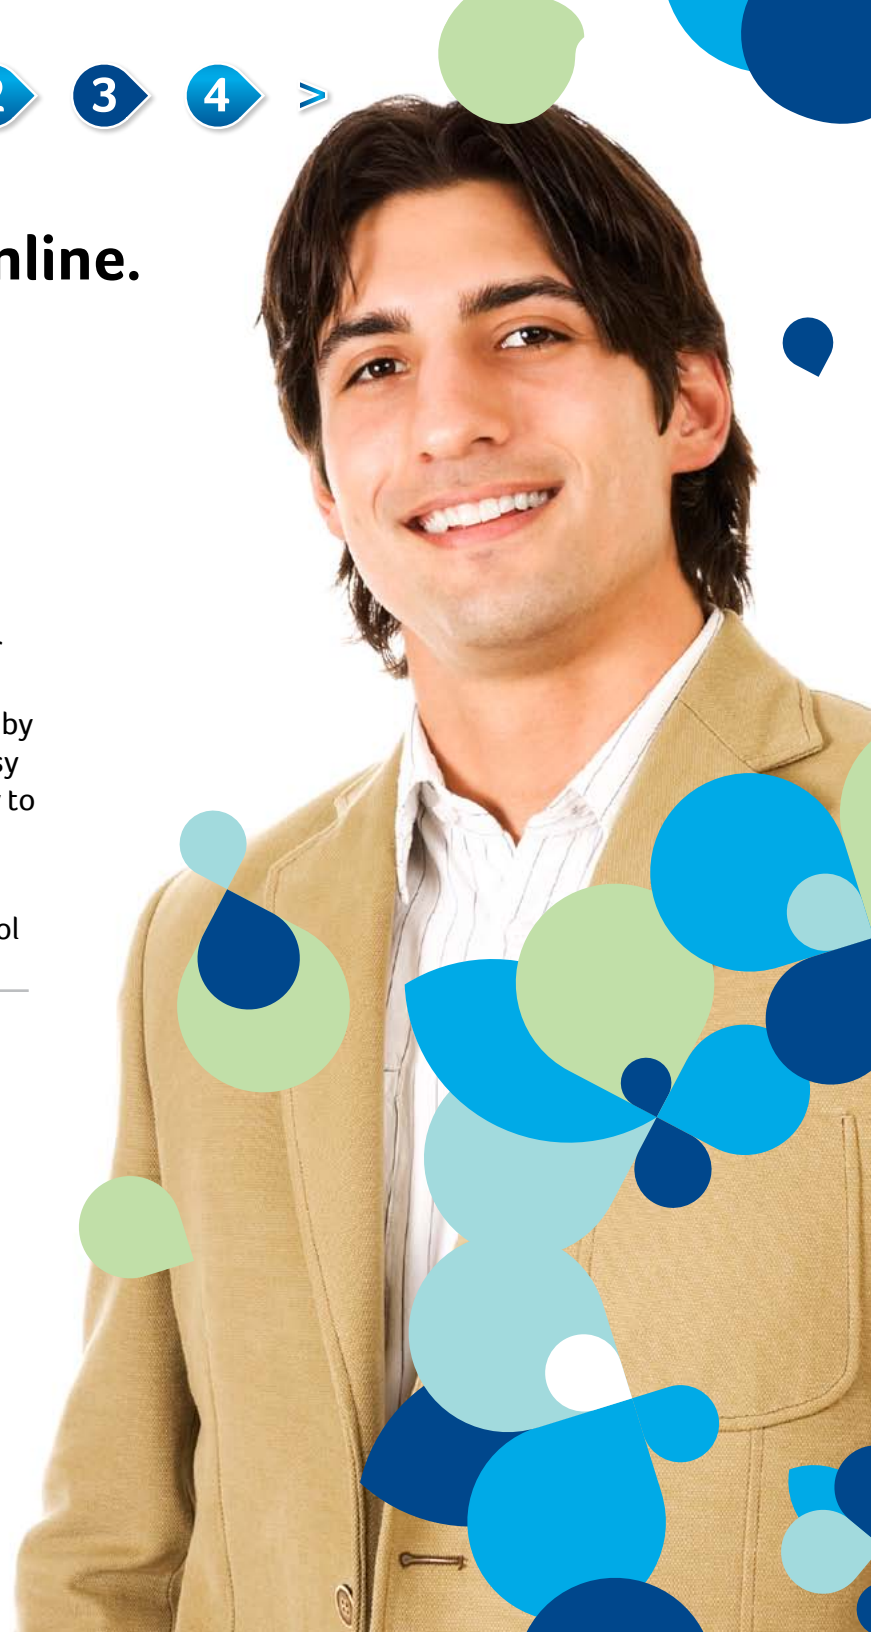

Sage Simply Accounting Pro 2011 and Sage Simply Accounting Premium 2011 synch with the free Sage Billing Boss online invoicing service. Now you and your employees can create sales invoices, maintain customer records, and manage collections on the web and on the go. Expedite payment and improve cash flow by having customers pay you online. With the new synchronization feature, it's easy to keep your financial records on both systems accurate, up-to-date, and ready to share with your tax accountant.
