Important Notice-Payroll Tax Table Update (TTU)

Important updates to tax calculations are required for some states that may affect your business. We have incorporated these changes into the Sage 100 ERP (formerly Sage ERP MAS 90 and 200) 2013–Q3 Tax Table Updates (TTUs), which will be available to download as of June 27, 2013.

The following versions will be available:

- 4.4
- 4.5
- 2013

In order to download the updates, you must have a current Sage Business Care plan as of the tax table effective date. Tax updates are only available via download.

To download the TTU:

1. Log on to [the Sage Customer Portal](#) by entering your username and password* (you must be logged in or you cannot access the Tax Updates).
2. Select the Sage 100 ERP icon
3. Under Download Product Updates section on the left toolbar, click Tax Table Updates
