Payroll Tax Updates

The following federal, state, and local tax changes are included in this update.

Federal Legislative Updates

There are no federal legislative updates with this release.

State and Local Legislative Updates

This section lists state and local legislative updates available with this release. If a state or locality is not listed in this section, there are currently no tax updates or product modifications for that state or locality.

Note: Sage 300 U.S. Payroll includes some system-supported State Disability Insurance (SDI) codes, which are updated automatically (for example, with rate changes) when you install product updates. To use these codes, your SDI codes must match the system-supported codes.

If you use custom tax codes to capture SDI taxes, note the following:

- If your codes match the system-supported tax codes, you should review the tax code setup before processing payroll.
- If your codes do not match the system-supported tax codes, you can switch to using the system-supported codes. To do this, you must deactivate your custom tax codes, and then set up the system-supported tax codes.
- Regardless of whether or not your codes match the system-supported tax codes, you must follow your existing procedures for reporting and filing SDI taxes as custom taxes.

Information about changes to specific system-supported SDI codes is included in the sections for the related states.

Kentucky

The following local tax has been added in the supported tax tables:

Code	Description	Rate	Effective Date
KY0265	Elliott CO Regular IT	1%	4/1/2020

Ohio

The following local taxes have updated rates in the supported tax tables:

Code	Description	Rate	Effective Date
OH0069	Paulding CT Regular IT	1.1%	7/1/2020
OH0738	Mayfield Heights CT Regular IT	1.5%	7/1/2020

West Virginia

The following local tax has an updated rate in the supported tax tables:

Code	Description	Rate	Effective Date
WV0010	Montgomery CT Service Fee	\$78	7/1/2020

Product updates

The following product updates are included with this release.

Payroll product updates

The following new features and improvements to payroll are included with this update.

New earnings and deductions related to COVID-19

Form 941 has been updated to support reporting of new earnings and deductions related to COVID-19. A new **Report as** field on the Earnings and Deductions window enables you to specify where on form 941 these earnings and deductions are reported.

Setting up these new earnings and deductions involves other steps as well. For detailed instructions, see [Sage Knowledgebase article 104109](#).

My Workforce Forms updates

This update does not include any new features or improvements to My Workforce Forms.

Sage Payroll Tax Forms and eFiling by Aatrix

Sage Payroll Tax Forms and eFiling by Aatrix is a feature included with Sage 300. This functionality provides updated reports and forms at no cost and enables you to fill out and file tax forms electronically for a fee.

To begin using tax forms with Sage Payroll Tax Forms and eFiling by Aatrix, open one of the tax forms available in **Payroll > Government Reports > Federal Tax Filing** or **State Tax Filing**. You will be prompted to register your organization with Sage Payroll Tax Forms and eFiling by Aatrix. After registering, you have the option to enroll your company (or companies) in the eFiling service.

For a detailed overview and a price structure of the Sage Payroll Tax Forms and eFiling by Aatrix options, visit our website here:

Quarterly Wage on Disk(ette)

If you use Sage 300 U.S. Payroll, note that tax filing for Puerto Rico is not currently supported by Sage Payroll Tax Forms and eFiling by Aatrix. To produce State Unemployment Tax (SUTA) quarterly wage reports for Puerto Rico, use the Quarterly Wage on Disk(ette) feature.

Product update installation instructions

Follow the instructions in this section to install, apply, and verify this Product Update.

Before you start:

- Back up your data.
- Make sure all users have exited the program.
- Verify your service pack or product update level. To verify what service pack or product update you have installed, click the **System Information** option on the **Help** menu in Sage 300.

Installing the product update

To install the product update:

1. Right-click the Product Update file to Run as Administrator (or make sure you have administrator rights to run the installation) and launch the installation program.
2. On the Welcome window, click **Next** to continue to the Software License Agreement window.
3. Select the features to install. Click **Next**, then **Install**.
4. On the Setup Complete window, click **Finish** to finish the installation.

Activating the tax update

To activate the tax update:

1. Start Sage 300.
2. In the **Administrative Services** folder, select **Data Activation**.
3. Select the current tax update, and then click **Activate**.
4. If you are prompted to convert a previous payroll tax update to the current version, click **Proceed**.

After you complete installation and activation, and after you have made any adjustments described in this document, you can resume processing payroll.

Verifying the product update

After the update is complete, you can confirm that the update was installed successfully by selecting **Help > System Information**. The tax update version will be listed with a product update number.

Updating the local tax repository and rates

This section applies only if you use local tax codes in U.S. Payroll.

To update the local tax repository and rates:

1. After the Product Update is complete, log in to Sage 300.
2. On the Local and Other Custom Taxes window, click the **Install Repository** button to update all of the local tax rates in the system.
3. When you receive the prompt "Install Repository completed. Do you want to continue updating company level local tax records with information from the local repository?":
 - Click **Yes** to automatically update the company rates for all local taxes, or
 - Click **No** if you prefer to select each local tax individually and click the Update button for each one in order to apply the rate changes. This gives you the opportunity to validate rates before and after the changes.

Note: If you click **No**, you will be required to manually update each employee-level tax. This can be done for all employees at once by tax from **U.S. Payroll > Update Taxes**, or by individual employee from **Employee Payroll > Taxes**.

4. If you click **Yes**, after the process completes a message displays: "Updating company level local tax records completed. Do you want to continue updating employee local tax records from the local tax repository?".
 - Click **Yes** to automatically update the employee-level rates for all local taxes, or
 - Click **No** if you want to select each employee or use the Update Taxes tax, then update each tax or employee individually.

Important! This process requires security permissions in Sage 300 to access all employees. Otherwise you may not receive the prompts as described above and employee rates will not be updated.
