Product update release notes

Thank you for choosing a Sage business management solution.

These release notes contain important information about United Kingdom Taxes, including information about product changes that are not in the documentation.

About product updates

United Kingdom Taxes 6.6A Product Update 1 is a full upgrade that replaces the earlier 6.6A release. You can install United Kingdom Taxes 6.6A Product Update 1 without first installing United Kingdom Taxes 6.6A.

Software requirements

To use United Kingdom Taxes 6.6A Product Update 1, you must have Sage 300 2019.1 or later.

What's new in 6.6A Product Update 1

This product update includes the following new features and improvements.

Enter tax amounts for purchases

When entering tax amounts, you can now enter tax amounts for both sales and purchases (previously, you could enter tax amount only for sales). The following new fields are available in tables:

- **Transaction Type.** Specify Sales or Purchases.
- **Buyer/Seller Tax Class.** Specify the tax class for the buyer or seller.
