<b>Improvements for Sage 50</b>			
<p><b>Enhanced security with Gmail</b></p> <p>The integration with Gmail has been updated to meet Google’s new security standards. Sage ensures strict compliance and security standards for our customers using Gmail as their email application.</p>	Yes	Yes	Yes
<p><b>Sage Drive is now Remote Data Access</b></p> <p>New name, same convenient access to your company data from anywhere you have Sage 50 installed. The new name removes confusion around its capabilities so you can focus on your business. With Remote Data Access, you can</p> <ul style="list-style-type: none"> <li>• Stay productive, at home or on-the-go.</li> <li>• Collaborate on your books with a colleague or your CPA.</li> <li>• Avoid data loss with risky transfer services or storing your data to a USB.</li> </ul>	Yes	Yes	Yes
<p><b>Sage ID - a single login to access all your connected services</b></p> <p>Sage ID makes it easier for you to connect your bank, access data remotely, share company data and add customer payment options. Sage ID is a single login that lets you securely access the connected services available with Sage 50cloud subscription. With your Sage ID,</p>	Yes	Yes	Yes

you have secure authentication to connected services without the need to enter emails and passwords for individual connected services - such as Remote Data Access, Bank Feeds, or Invoice Payments.			
<p><b>Memorized Purchase Invoices</b></p> <p>You can now create a memorized transaction for Purchase Invoices/Bills.</p> <p>Save time and reduce repetitive data entry tasks with memorized transactions that now include Purchase Invoices. Enter and save common transactions and use them repeatedly.</p>	Yes	Yes	Yes
<b>Improved user experience</b>			
<p><b>New mouseover text for fields provides extra information</b></p> <p>In transaction windows with Item and Job fields, you can hover your mouse over the field to view the entire Item or Job ID as well as any Assemblies/Phase and Cost Codes associated with the Item or Job ID. Using this neat feature, you can hover over Item or Job ID fields to see the details in a popup rather than having to open each transaction just to be able to see the details.</p>	Yes	Yes	Yes
<p><b>Ship To Name for Customer Lists</b></p> <p>The Ship To Name now appears on the Customer Management tab for Sales Invoices, Sales Orders, Quotes, Item Sales History by Customer, and Proposals.</p> <p>Having the Ship to Name adds convenience and makes it easy to filter or group invoices, orders, quotes, or proposals by Ship to Name.</p>	Yes	Yes	Yes
<b>AutoEntry</b>			
<p>AutoEntry makes it easy for accountants, bookkeepers, and business owners eliminate manual data entry tasks, such as expenses, invoices, payments, bills, receipts, and bank statements. Using the Sage 50cloud integration with AutoEntry, customers can:</p> <ul style="list-style-type: none"> <li>• Automate manual data entry to save time and eliminate stressful deadlines</li> <li>• Improve data accuracy while capturing full line items such as unit price, description, and quantity</li> <li>• Reduce time spent on data entry tasks</li> </ul>	Yes	Yes	Yes
